Lewis Richmond  
A. A. U.

I The undersigned respect-  
fully represent that about the 1st of October  
I was appointed Captain of the 11th Regt NY  
Ave. and received my Commission as  
such from the Governor of the State of  
N.Y. that I entered upon the discharge  
of my duties; and took the oath of office  
required by Law and have continued in the  
discharge of the duties of said office ever since.

I now respectfully tender my  
resignation for the following reasons.  
1st I see that I am not doing a great deal  
of good by acting in the capacity I am  
and I have the Authority to raise a Company  
in a new Regiment, and I wish to be in  
more active service. I therefore wish my  
resignation accepted immediately in order

That it may commenced according as soon  
as possible.

Commanding the Post

# NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier: the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared: the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty, and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

# NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *b. b. &c.*, &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edn. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

# DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his notes endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper instructions in duplicate, and forward BOTH of these documents direct to the Adjutant General United States Army, at Washington, D. C.; and will not, under any circumstances, be given into the hands of the soldier.

company commander will here add a statement of, as known to him concerning the disease or wound, of disability of the soldier; the time, place, manner, all the circumstances under which the injury or disease originated or appeared; the duty, or situation of the soldier at the time the injury was received or disease contracted, stating particularly the injury was received or the disease contracted while on his duty; and whatever other facts may aid him as to the cause, immediate or remote, of the injury, and the circumstances attending it. If the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the soldier is in charge of a hospital, the officer commanding the hospital, or the surgeon, or the medical department of recruits, &c., &c.

NOTE 2.

in a probable case for pension, special care must be taken to state the degree of disability—as 1, 2, &c., &c.; to describe particularly the disability, wound, or disease; to mention to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constancy, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the commanding officer, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Ar. 1290 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to exercise particular care in all cases that have not been under medical charge; and especially in epilepsy, convulsions, palsy, rheumatism, derangement of the urinary organs, hæmaturia, hæmaturia, or any obscure disease liable to be mistaken for insanity, or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

his certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer from whom the authority to discharge enlisted men may be specially derived.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper are that the soldier is furnished with the proper final statements in duplicate, and forward both of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

# NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

# NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *1, 2, &c.*, &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1200 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, scurvy, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

# DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment in which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will transmit them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer having the authority to discharge enlisted men may be specially directed.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last paragraph on this paper; see that the soldier is furnished with the proper statements in duplicate, and forward both of these certificates to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given to the soldier.

# NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

# NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *h, g, &c.*, &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

COMPARED WITH

THE ORIGINAL BY

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward both of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

**NOTATION.**

Book mark: 3025 B. 1887.

**War Department,**

Adjutant General's Office,

Washington, June 4, 1887.

This man deserted on or about August 1,  
1862, and returned

on or about April 12, 1863.

As he was subsequently restored to duty by S.O. no.  
97, Hdqrs. 23<sup>rd</sup> A.C., Oct. 23, 1863,  
without trial, but upon conditions which appear to have  
been complied with (so far as not waived by the Gov-  
ernment), the charge of desertion no longer stands  
against him. The record of the fact that he was absent  
in desertion from on or about August 1,  
1862, to on or about April 12, 1863,  
cannot, however, be expunged.

### NOTATION.

### War Department,

Adjutant General's Office,

Washington, April 4", 1888,

This man deserted on or about May 17"  
, 1862, and returned  
on or about April 1, 1863.

As he was subsequently restored to duty by S. O. No.  
97, Hd. Qrs. 23<sup>d</sup> A.C. dated October 23, 1863,  
without trial, but upon conditions which appear to have  
been complied with (so far as not waived by the Gov-  
ernment), the charge of desertion no longer stands  
against him. The record of the fact that he was absent  
in desertion from on or about May 17  
1862, to on or about April 1, 1863,  
cannot, however, be expunged.

**NOTATION.**

Book mark: 9936-B. 1888.

**War Department,**

Adjutant General's Office,

Washington, Dec. 10, 1888.

This man deserted on or about May 10,  
1862, and returned  
on or about August 25, 1863.

As he was subsequently restored to duty by G.O. No.  
97, Hdqrs. 23<sup>rd</sup> A.C. dated Oct. 28, 63  
without trial, but upon conditions which appear to have  
been complied with (so far as not waived by the Gov-  
ernment), the charge of desertion no longer stands  
against him. The record of the fact that he was absent  
in desertion from on or about May 10,  
1862, to on or about August 25, 1863,  
cannot, however, be expunged. The charge  
of desertion of March 16, 62,  
is removed for error.

We as Officers of the 11<sup>th</sup>  
Regt feel it to be our duty - for  
humanity sake to petition the release of  
John Burns formerly a Sargent of Co K - 11<sup>th</sup>

Regt Staff -

We know that said Burns was a good  
& faithful soldier - & served out his term  
of service - & we believe from our knowledge  
of the affair, for which he was sentenced  
that he was not guilty - & we would  
pray his release from the sentence -

I would respectfully call  
your attention to Senator Johnsons statement  
above & to statement of Col P. B. Hawkins &  
other officers of late 11<sup>th</sup> Reg Infy & to statement  
of the members of Geo Burns. and also call  
to your mind the fact that I filed a paper in  
your office from Saml. Orage stating just  
as he & Burns were going off to the  
Penitentiary that he himself & alone did the  
acts he & Burns were charged with that Burns  
had no part in doing them or knowledge  
of his intentions whatever.

I would respectfully ask in these statements  
and on the fact that Burns has already  
been in prison three & at Shanks fort nearly  
a year that he be pardoned & set at  
liberty.

Respectfully &c. O. J. Johnson

Col Wood Gen Sir

I believe that at Head Quarters  
the dept of Ky - as I come to Frankfort  
for the purpose of seeing Gen Palmer.  
in reference to the case of Burns of  
My County - who was sentenced to the  
penitentiary for ten years - and as I  
believe wrongfully - I did not get to  
see Gen Palmer. I therefore ask you  
to see Gen Palmer and make an effort  
to have Burns Released - I know  
Burns and served in the same Regt  
with him for over two years - and I  
always found him to be a good soldier  
and always at his post - and was as far  
as I know in all the battles fought by  
the old Eleventh - and that was many  
the number I do not now remember -

I will further state that it looks hard  
after a man has served over 3 years in  
in the Army of the U.S. with bread that  
he should be then confined in prison  
unwisely - as I honestly believe for ten  
years - all the Union men in my  
County would sign a petition for his  
Release - for further particulars I refer  
you to statements made by Col Howards  
Capt Howards Col Matly May 1864

Letter from Col

in regard to Mrs

Wm. H. Ward  
Burlington Nov. 20<sup>th</sup> 1863

Dear Sir,

I send you a Petition, by Major Motley, in behalf of Burns, from his friends & neighbors in Butler County, at their request.

Burns was a member of my old Regt. He was a good soldier & a good boy - to this fact add as the officers & men of the old 11<sup>th</sup> would most cheerfully testify & would like to have a chance if you think that it would effect any thing in the poor fellow's case.

I am perfectly satisfied that the fact in the case of Burns & Orange were never before the Court as they were - or the Court, (unless it were a Rebel Court) would never have found them guilty of a wrong.

I am also fully convinced if Gov. Bramlette were made to understand the case, neither of the Boys would stay in prison any longer. We will do any & every thing for them that we can.

I Am Col.

Your most Obedt Servt

Wentworth Co Ky Nov. 10<sup>th</sup> 1865

We neighbors knowing John Burns from  
a child up to this time and we know  
him to be honest and as well behaved  
as any young man in this neighbor-  
hood. Now he is in the prison and  
we believe that there is fault & charges  
brought against him and we wish  
for him to be cleared and sent home  
and we further believe that there was ~~not~~  
evidence given in against said Burns  
which was false through malice and fear
